5	Data Submission Status and Regulation Enforcement	Timeliness & Scoring	Chair Rogers doesn't think it will ever work. They've spent a lot of time reviewing it and without some changes he can't see this will work. Doug Taylor requested a redacted copy of one of their reports so he could review. 780 – National Rule: Doug Taylor will inactivate it now from the KY system. 			<p>areas may not even have the staffing/resources needed to fulfill this.</p> <p>Motion made by Paul Phillips that Board staff set up a meeting with the vendors for the Data Committee.</p> <p>Seconded by Kevin Callihan. Motion passes.</p> <p>Doug Taylor asked for details of how they want the meetings. Paul Phillips suggests we start with the big ones and work down from there. Prefers the meetings be in person. They want the vendors' meetings at the regular scheduled Data Committee Mtg.</p> <p>Chair Rogers: Continuation of Care Form – need the hospital association's perspective. Should work for EMS and the hospitals. Meeting on June 5th at 10am if anyone would like to attend.</p> <p>Chair Rogers – maybe the Board needs to look for a technology product that would help us achieve what is needed.</p>
6	202 KAR 7:540 Revision Status	Ongoing, Related Regulations/Factors	<p>Doug Taylor has asked for the feedback on 540, modify, edit, present at the next meeting if they would like. MIH-CP may be reaching out soon regarding metrics, etc..</p> <p>Chair Rogers: Timeliness of submission and validation scores before 540 can be revised.</p> <p>Doug Taylor will share the information with ESO. Executive Director Slone would like to see the committee and Board move forward with a 24-hour rule; 90% of the time. Also, looking at our PIB hearings right now, failure to complete or the timeliness of reports are issues. So, the validity becomes questionable at 120 hours.</p> <p>Paul Phillips suggests Chair Rogers should ask what the Board would like to see for the 24-hour rule, etc... if they don't want to change or move it, then it's wasting time.</p> <p>Executive Director Slone without regulation change at some point we are going to enforce the regulation in place. In the absence of change, staff will follow what is currently in place.</p> <p>Jeff Godby – where can he find the timeliness?</p> <p>Doug Taylor suggests every agency should have their own data administrator to pull information.</p>

7	Quarterly Data Reports	Open Discussion	Chair Rogers – Could Doug provide those? Doug Taylor will do some research due to the timing, start of the month, etc.. Doug Taylor will send Chair Rogers the timeliness. List of validation rules needed.
8	Information/Announcements		Kevin Callihan noted he was willing to meet in person as needed to help get the work done.
