

Paramedic Critical Care Endorsement Checklist

All Critical Care Endorsement Paramedic Applicants must submit the following items:

	Current Kentucky Paramedic Licensure
	Proof of completion of a training program that minimally meets the objectives of the University of Maryland Baltimore Campus CCEMTP Program.
	The ambulance service director and EMS medical director shall validate verification of the program having met the specified training standards with the Critical Care Training Program Verification. (KBEMS-E8)
	A completed Paramedic Application through your KEMSIS Account .
	Application Fee \$10.00

Renewal Requirements

The critical care endorsement shall be valid so long as the paramedic maintains:

	Current licensure as a paramedic by the board; and
	Current certification as a UMBC CCEMTP or verification of continued clinical competence by the paramedic's EMS medical director.
