

EMT- BASIC

We are excited to invite you to our upcoming EMT-Basic class. This class will be held on a hybrid platform, with classroom sessions held virtually via Zoom, and several in-person hands-on skills trainings.

FREE CLASS! *

Class runs February 13 through end-of-May, 2025

Lecture classes will be held Tuesday & Thursday evenings, 6:30-10:30pm Eastern

8-hour in-person skills sessions will be held on several Saturdays at 5 locations throughout the Commonwealth (skills session sites to be determined by student locations)

Students must be sponsored by a fire department or EMS agency; priority will be given to Kentucky firefighters

Pre-requisites: entrance assessment testing, administered by the Kentucky Fire Commission, covering anatomy, physiology, math and reading comprehension (9-11th grade levels), as well as an affective test derived from the general scale of self-efficacy

Students will receive textbook, Platinum testing access, and the first attempt at NREMT testing for free!

**there is no charge for this class, however, should a student withdraw after the class has begun, the sponsoring department/agency will be assessed a fee based upon remaining length of class*
